2000...

Our first look at the Millennium!

By Krystle Hong and Mark Kwan

Have you ever wondered what would happen at Londonderry Junior High after the clock struck midnight on January 1, 2000? If you haven't, this book will capture the things that did happen after the new millennium started as well as what happened before.

This year has been very exciting for us all. Some of the fun activities this year included the Grade 7 camp, Outdoor Education camp for the Grade 8's and 9's, the Turkey Trot, Penny Drive, King and Queen of Londonderry contest, and much, much more!

The whole school had a wonderful year. This year will never be forgotten because, for grade 7's, it was the first year in junior high. For grade 8's, well let's just say they won't have another year like this year. And as for the grade 9's, they won't be graduating from junior high again.

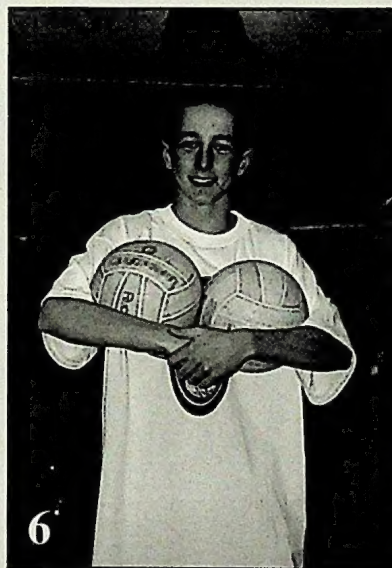

Londonderry Junior High is a great school to go to. The students learn important lessons either by experience or by the teacher's lessons that we receive each day. For example, for the grade 7's, they have learned that you are now independent and must learn that you have to seek help, and that help does not

seek you. For the grade 8's, practising what we learned in Grade 7, or improving on their weaknesses is a big challenge. For the grade 9's, this is the most important time to remember what they have learned and then carry on their strengths throughout high school and the rest of their life.

Y2L will show you life as a junior high student and keep those memories of the new millennium fresh in our minds for a long time to come. Life here has its ups and its downs. Some people may remember their ups but not their downs. But at Londonderry Junior High School, the teachers teach the students to remember your ups but to learn from your downs. For example, if by one accident that a stu-

dent didn't finish his or her homework, then he or she should learn from that by mistake and maybe finish their work before watching television or going to the movies. On the other hand, if, for example, a student receives a Positive Student Nomination, then he or she shall remember that and feel good about what ever they got it for.

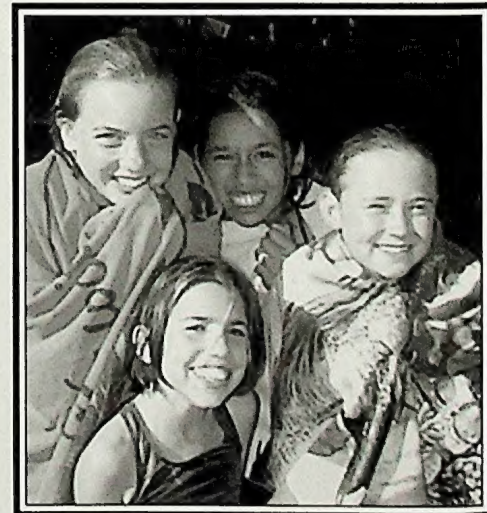

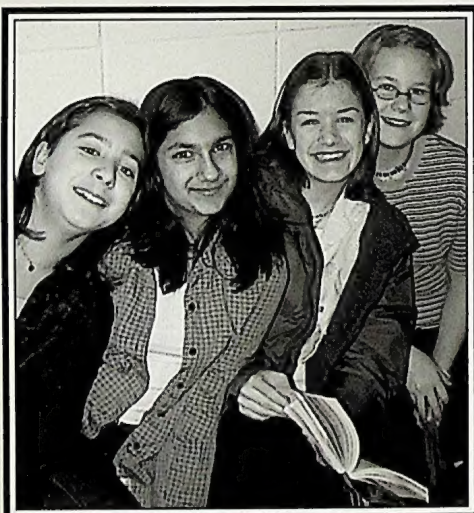

The 1999-2000 school year at Londonderry School has been fun-filled and excellent for the principals, staff members, and of course the students. Keep reading and you will read about the events and happenings that happened this year. Happy remembering in this new millennium.

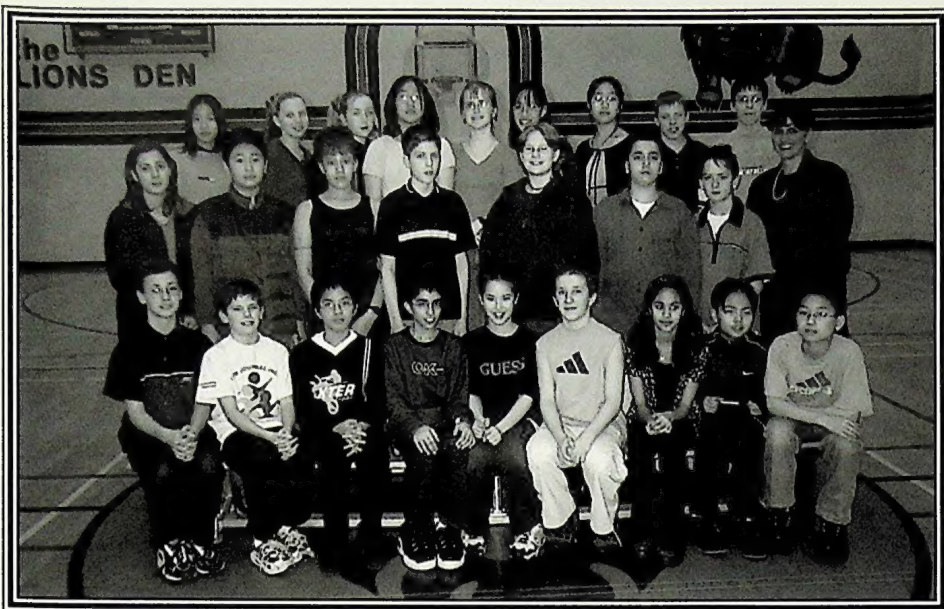

Millennium Kittens

By Mark Kwan

The first day we all walked into this school, we all felt a little scared. Okay- maybe a lot! We all had our ups and downs over this new school year as a grade seven but we survived it. What was the first day like? Well, it was a fun and scary time for us all. In this section of the yearbook we will take a look at our pictures and also take a look at some of the activities we all participated in such as the Turkey Trot, the Jello Eating Contest and the School Dances! I hope you have a great time remembering your first year here!

Grade 7 Activities

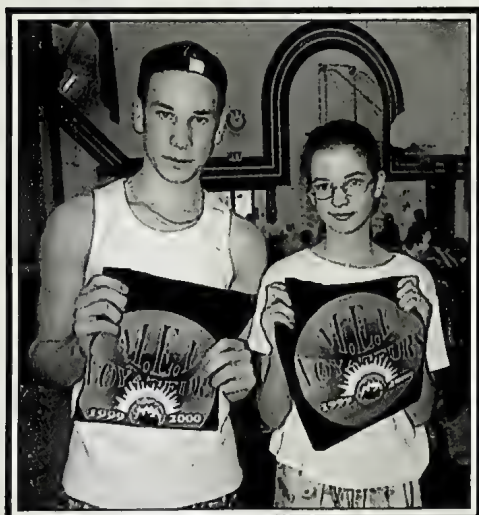

Millennium Cubs

By Linda Truong and Ashley Imperadeiro

After a year of enduring the troubles and trials of grade 7, we have come back to school to continue our journey towards our Grade 9 graduation as the grade 8's. We could finally see our good ol', trusty friends, fellow classmates and teachers (some of them) again. Even though I wished to end the school year of grade 7, we were overjoyed at the thought of coming back. Mr. Yaniv gave his normal short (ahem...) speech, we wrote our usual (long) Class Expectations List and finally got a full locker (unlike us having one already last year)! It was a glorious day for me, but I can remember the faces of some students, all melancholy and gloomy. But in spite of all this, things went pretty well that first back-to-school day.

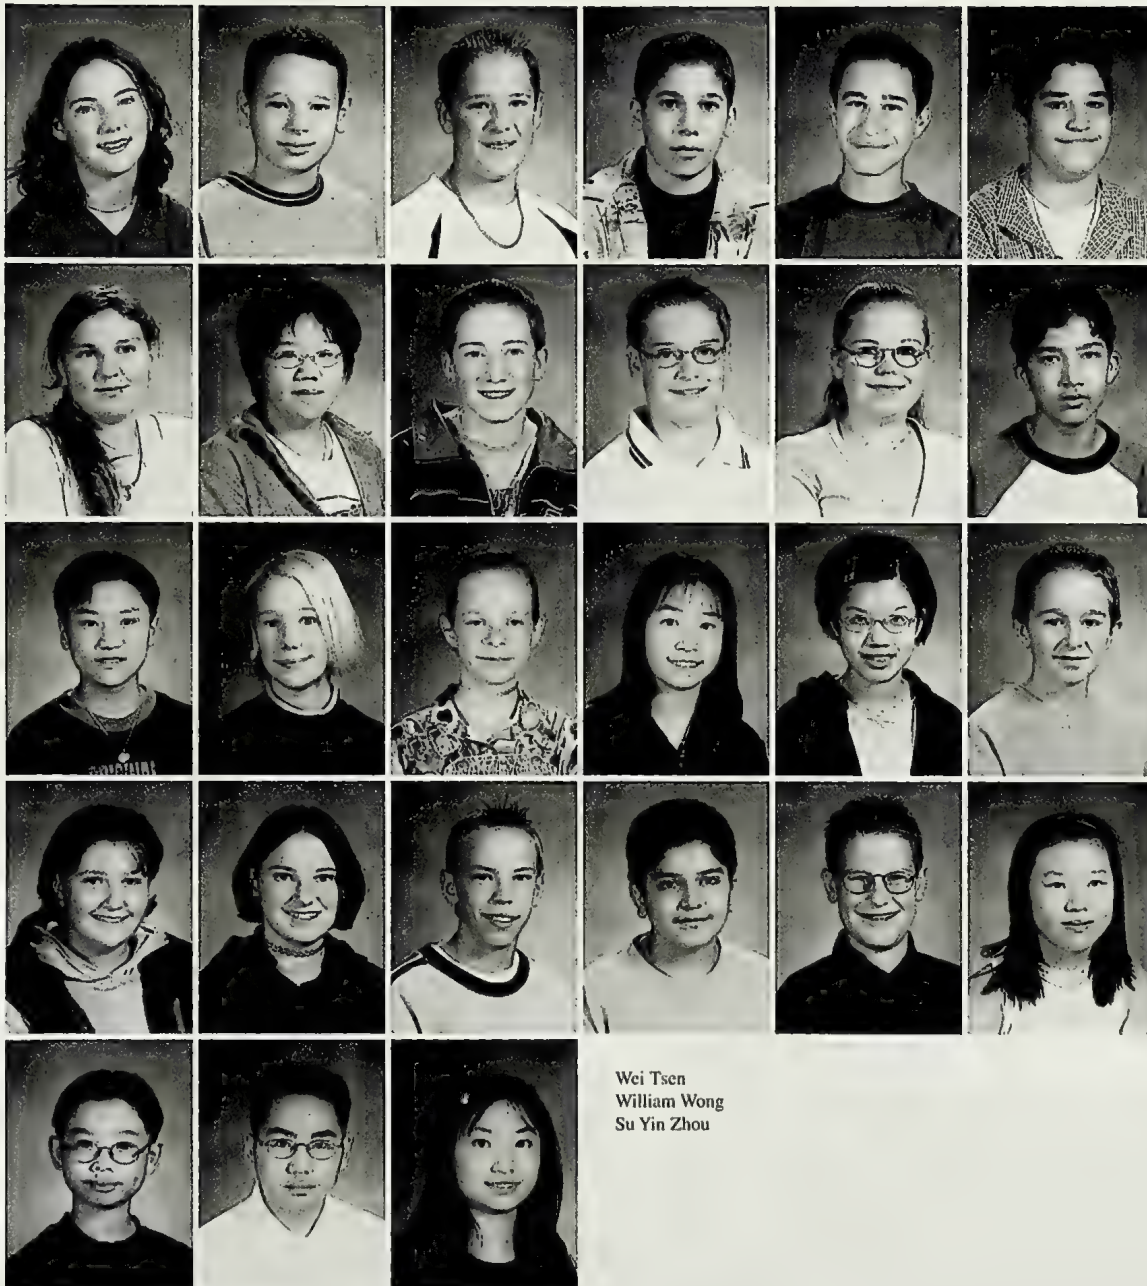

With all the homework that teachers gave us, Grade 8's had no life what so ever for quite a few days there, well, at least until we got more or less used to doing our homework just before class. We see piles of people scrambling to finish their homework in our cramped hallway, make that a very cramped and crowded hallway. What did we do to deserve this torture? Huh? What did we do? We'll tell you what. We came back to school, that's what!!! But, fear no more torture, this year (minus final exams) for next year you will have reached the wonderful, awesome splendiferous state of being in GRADE 9! Until then, though, you will just have to wait out the rest of this interesting (and also incredible) school year here at Londonderry Junior High School.

Grade 8 Activities

Millennium Lions

By Shirley Tse

For most of the 256 Grade 9's at Londonderry, this was a time to remember. Remember the good times and forget about the bad. We had a wonderful year filled with the Turkey Trot, Social Dance, Tug of War, and GRAD!!!!!! We took on so many challenges, and opportunities for the good. This is not the end, but a new beginning to set new goals and challenges in the future (high school).

Can you remember the day that you stepped into this school and said this was the school for you? Or can you remember how fun it was at Grade 7 camp? Most of us will never forget those cherished moments in the past and they will last forever. One thing that I would like to share to the Grade 9's is to remember to live your lives to the fullest, be happy with who you are, and continue to educate yourself. You only get to go through Junior High once.

You are all graduates (yeah you!!!!!!!). You may not believe it but we graduated with respect and dignity from a school that many people dream to get into. You are probably thinking "we did?" Yeah you did!!!! Make every second in your life count. That is all I have to say. Oh yeah, one more thing...

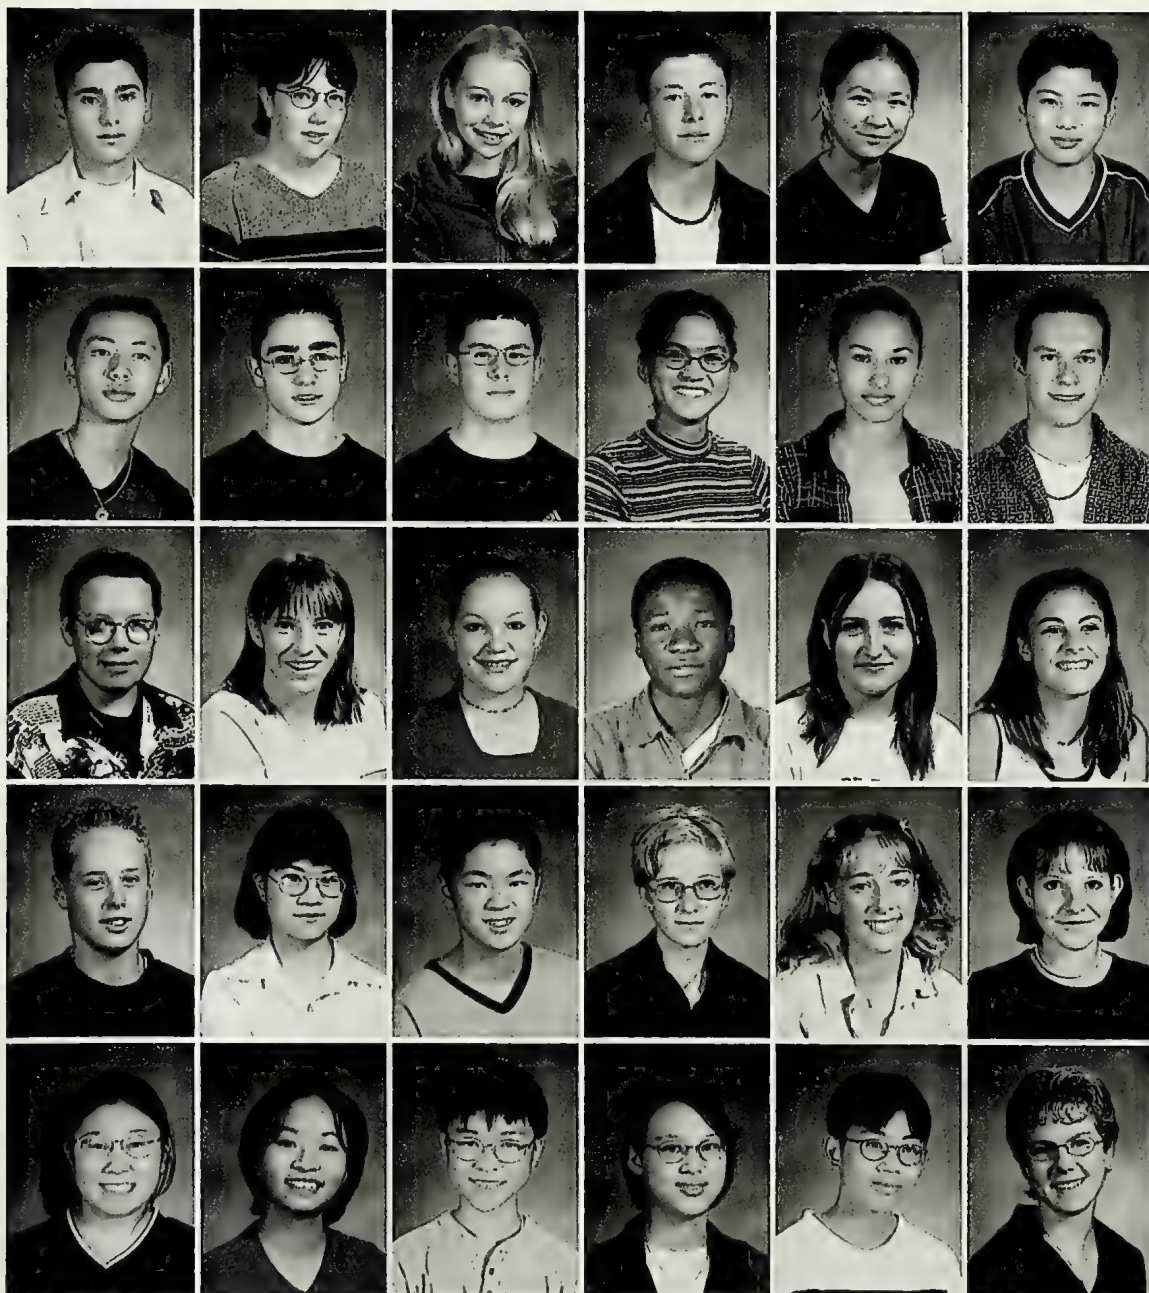

"May the Force be With You!"

September

A New Beginning!

Shirley Tse

A new beginning to the Millennium. If you have heard, we had a great Grade 7 camp for the newly arrived Grade 7's. Camp is definitely a great place to meet new people and to make friends. It's also time to put the books away and have fun. So to all the Grade 7's out there, cherish this moment because it's rarely going to happen again in your junior high lives. To all grade 8's and 9's out there, it's easy to walk into a school with people you know then to not know anyone at all. Welcome back and most of all, keep learning.

Along with the new students to our school, we also had some new members of our teaching staff. Mr. Bolichowski, who teaches Language Arts, Math and Science, Mr. Braid, our new Band teacher, Mrs. Fedorak, our new Art, Drama, and Health teacher and also Mrs. Sheehy, our new administrative Assistant in the general office.

We started off with a picture day right at the beginning of September. Then came the Welcome Back Barbecue where parents can meet our wonderful staff and enjoy some great hamburgers. We also had a Welcome Back Dance for all the students in which they can enjoy. September was the most important month out of the whole school year, let us take the time to remember.

October

Lose a turn?

Krystle Hong

Gobble, gobble, gobble. There goes our turkey! Oops! I mean our principal, Mr. Yaniw. On October 8th, after our shortened morning blocks, the whole school gathered on the baseball diamond for the Annual Turkey Trot. This year, Mr. Yaniw agreed to start at the same point as the students, but if any students would pass him and laugh at him, then we would have two minutes for every student and it would be added onto the school day. If students didn't laugh at the old turkey, the whole school would get one minute off for each student that passes him. This year, 12 students passed the old turkey but with Mr. Yaniw's kindheartedness we had a very early dismissal at 2:45, 30 minutes earlier than usual.

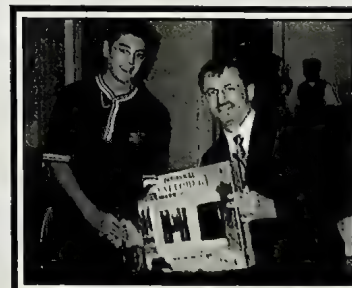

"Surprise me, I've Got A Sense of Humor!" That was a true statement on October 14th, as 750 student gathered in the gym for our monthly assembly. This month, Hamad Amirie won a set of binoculars. We congratulate you and hope you have a fun looking through them at the wonderful world.

Where is my mummy? Or shall I say mummies? On the last week of October student council sponsored four Halloween activities. On the 27th, three students from each homeroom came into the gym to "wrap" one of the three. Since we didn't have bandages, we substituted it with toilet paper. On the 28th, 4 groups (consisting of 4 members) in each grade carved the best pumpkin ever in the art room. The winners in each grade had their pumpkin displayed in the library. On the 29th, Student Council hosted 2 activities at lunch hour. A boy and girl represented each homeroom and went to the social co-op for the costume contest. On the same day, the school moved and grooved to music provided by City Pro. Entertainment. Everyone had a howling good time.

In conclusion, October was a very successful month. We hope you had as much fun as we did.

November

A Time to Remember!

Shirley Tse

During this month, we ended Term 1 and moved onto Term 2 in which we got our First Report Card AAAAAHHHHH! Many students were dreading this moment and some of the few were actually looking anxious to this. We also had our Theatresport drama production in the drama room at lunch and Trevor Binkowski, Fedja Lazervic, Sean Vigneau and Mark Mckinnon took home the championship.

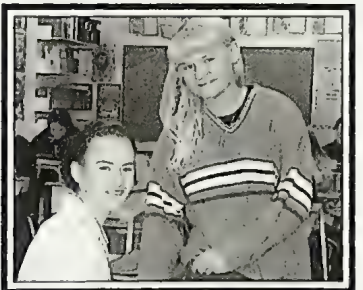

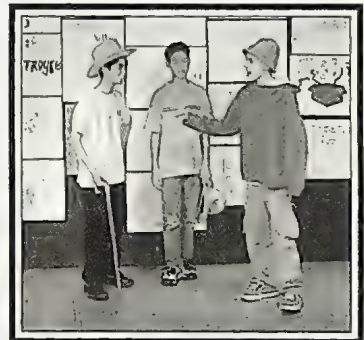

During the second week, we had our Remembrance Day Assembly in which we had special Honor Guard guests to remember this day with us. We remembered all the soldiers that fought to save this country, and without them, we wouldn't even be alive today. We also had a second school wide assembly in which we recognized our supreme cross country running team for doing a exceptional job in their races. Good Job!

The Band performed many times through this month and they did an amazing job at the Winspear Center and the Festival of Trees at the Shaw Conference Center. We are all looking forward to the long Christmas Holiday for next month. Boy, I can't wait till that happens.

December

The Last Month of 1999!

Mark Kwan

Ho Ho Ho! Like every other year at Christmas time, this was a time for giving, and also one of the busiest months of the year.

First, there was the Penny Drive, which was a huge success. We also helped the Food Bank by collecting food donations for the less fortunate. We collected many food donations but Mr. Smigielski's homeroom, 807, collected the most!

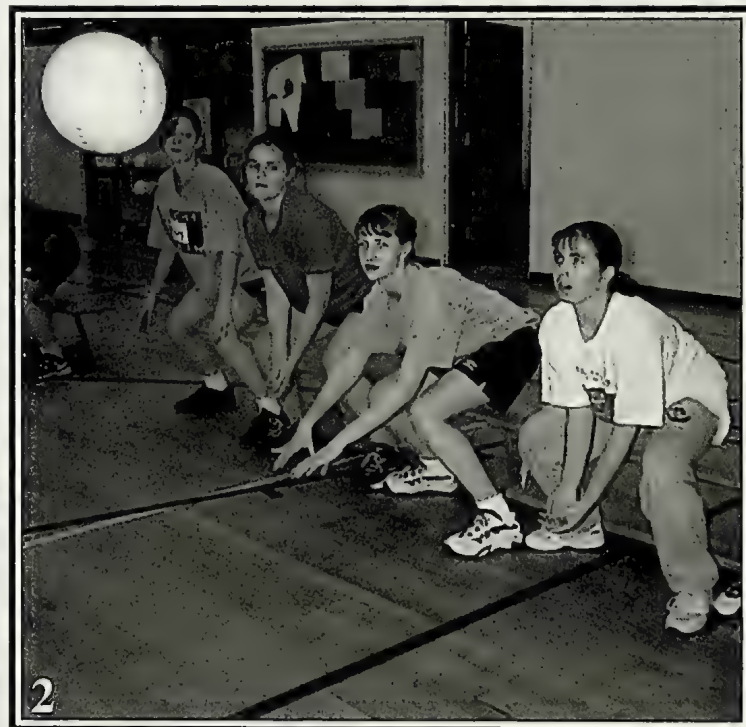

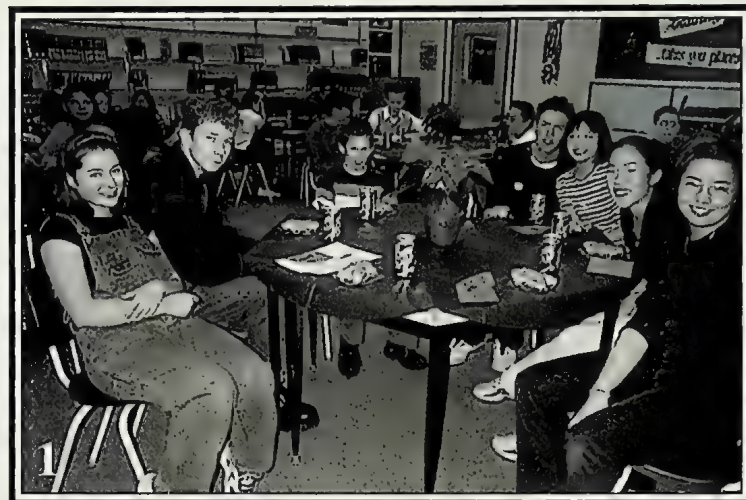

Student Council, sold Candy Grams for 25¢ each as a fund-raiser for special charities. They sold 1500 and collected \$375.00 for charities. Student Council also put on a great dance on the last day of school before Christmas holidays, December 17, 1999.

Other activities included the Mitten and Sock Drive, Christmas Assembly, Penny Drive, Food Drive, Christmas Concert, and the traditional Christmas Breakfast. The Band Christmas Concert was a big hit. Many of the band student's family and friends came to listen to excellent music that was put on by Mr. Braid and, of course, the great band! During the Christmas Breakfast the Parent Association asked for donations which were then donated to the Christmas Bureau. There were doughnuts, muffins, coffee, juice and milk for those who attended.

December was lots of fun and it was the last month of the 20th century, according to public opinion, so we should never forget it!

January

Our Dreams for the New Year

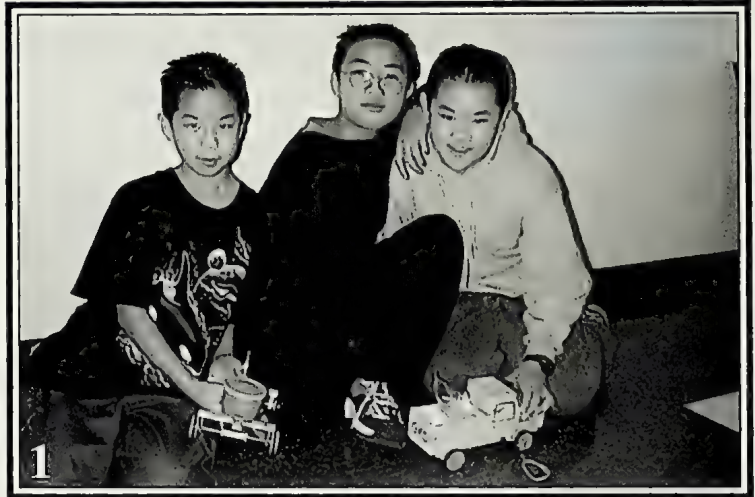

By Linda Troung

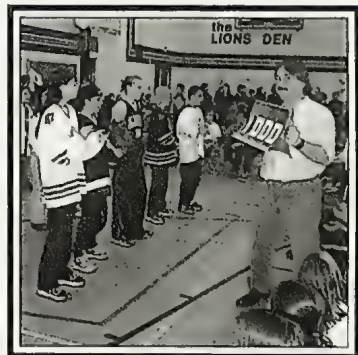

Happy New Millenium!!! What a holiday, coming back from Christmas holiday. Everyone had a great time during the 2 week holiday, but in my opinion, it wasn't long enough. I guess that's because when we came back, we just started to work like bees preparing for the coming mid-terms. A very boring, but busy month, staring at our text books and notes, studying for these exams. Thankfully, they were easy. Well, I just hope everyone got a good mark.

The positively fantastic thing that was in January was our Social Dance Contest on January 28th. Everyone had a great time learning and re-learning the dances. Honestly, I did really bad. I couldn't even get all the steps right, to even get recognised for the most extra-ordinary dances. Everyone was very jumpy after their mid-terms, just in the right shape to dance their heels right off their leg.

February

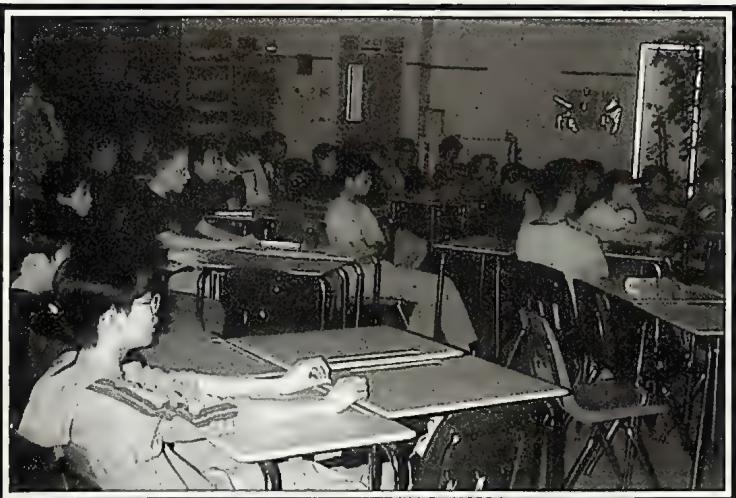

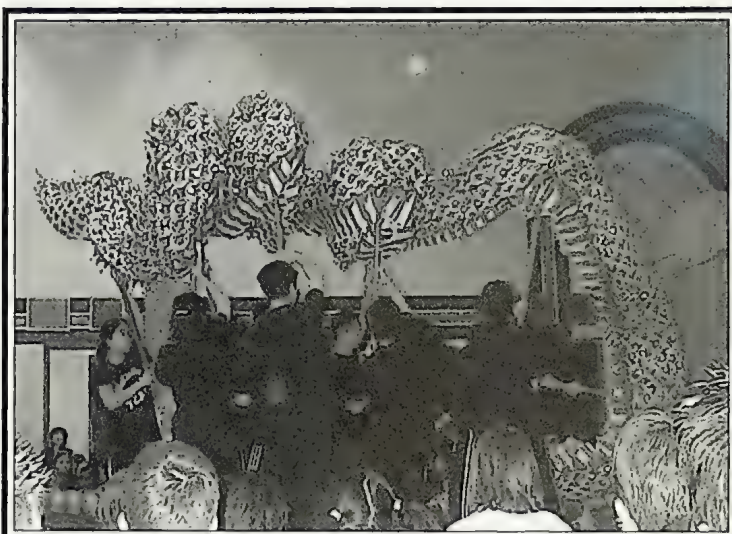

Quick yet busy

By Erik Tomlinson

February, the shortest month of the year, made up for its length by providing many enjoyable activities. As well as beginning term three (the most important term for the grade nines), there was the Valentine's Day Dance, where we had a chance to forget our school work for a while and have a great time. Up for sale were the Valentine's Day Candygrams where we could buy a bag of candy and send it to our favorite valentines, and donate money to charity at the same time. As well, the school band had bake sales to raise money for the band program.

Later in the month there was Multicultural day, a chance to display the wide variety of cultures in Londonderry school and a chance to see cultures from around the world. *Volka* performed many different dances and songs from across the globe, and after a while, most of us were clapping along! Londonderry's Chinese Yo-Yo club also performed for us. Finally, this month continued the Senior Boy's and Girl's basketball, which had been started in November.

March

Short but full of fun filled activities!

Linda Troung

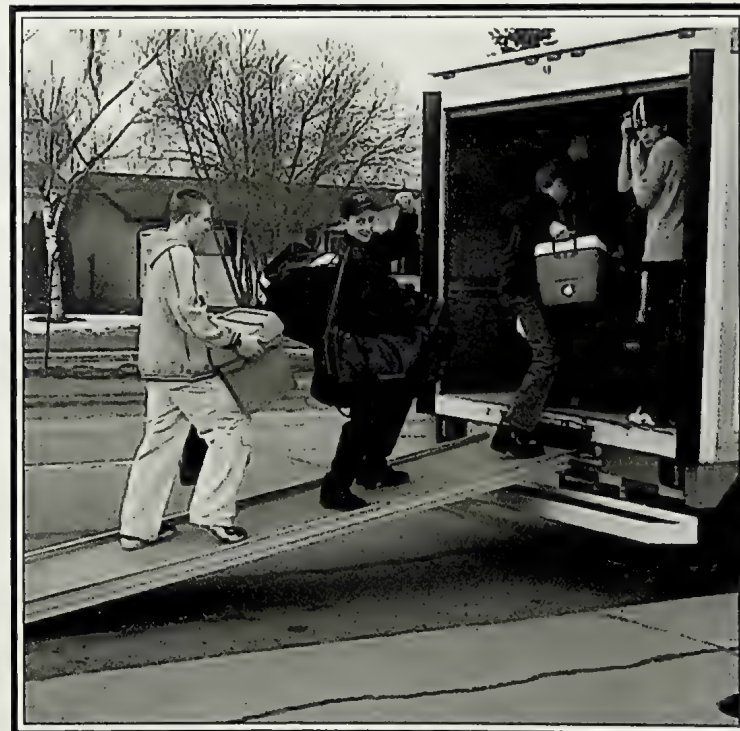

This month, we had a short, but busy 15 days, unless your in the Grade 8 and 9 Band. Maybe 'cuz our week long Spring Break or the 2 day Teacher's Convention or the Professional Development or probably ALL OF THEM!

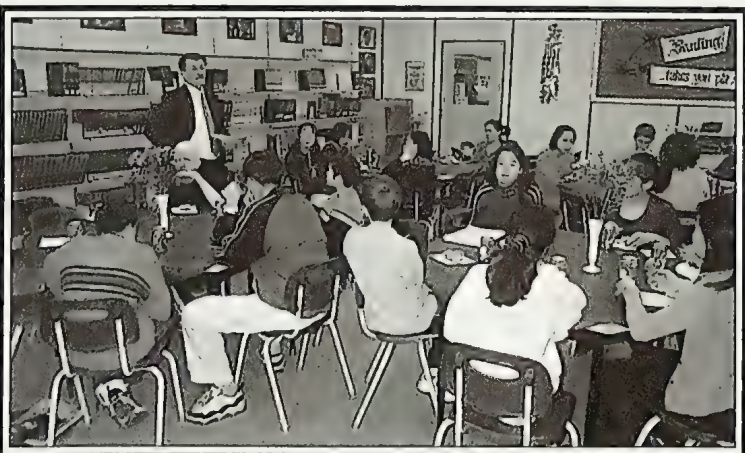

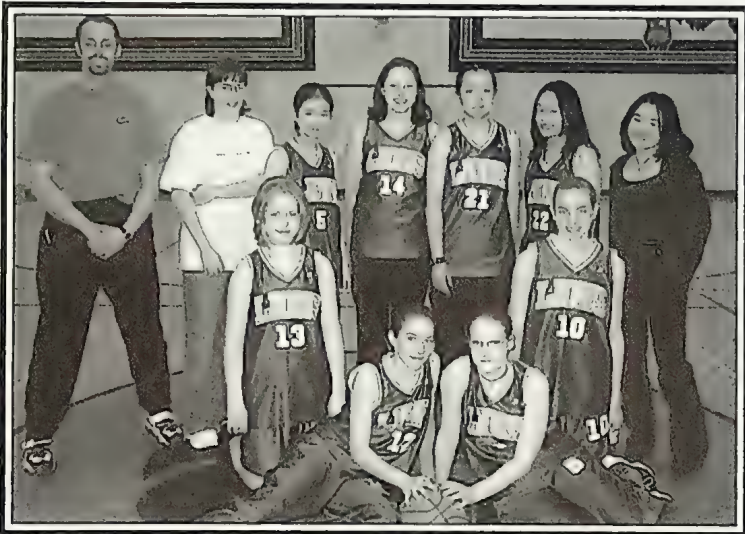

Our Grade 8 and 9 Band students had a 4 day band trip to Penticton, B.C. They went there to play at the Okanagan Music Festival, while visiting schools to perform. A fun trip, but a long 4 hour trip there and another back. How time consuming! (Poor Mr. Braid, so many pictures of him sleeping!)

The Student Council had their annual basketball shootout as well. Many students turned out to test their skills at shooting from the free throw line. Many participants showed up but only one male and one female from each grade were the winners!

The Grade 9's had a fun day trip to N.A.I.T. to have a view of displays that were put up, visit a bakery and tour the technology department. They also looked at the courses available. The Grade 9 Outdoor Education Camp was also a big blast (even though when they came back you could smell them from every single place in the school)!

March was a great month and everything thrown at us was fun!

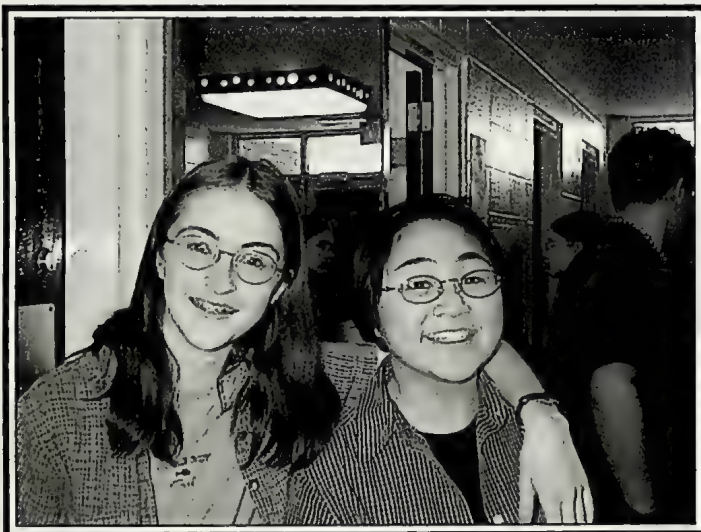

April

A Dreamy Spring!

Michelle Annett

April marked that we only had 2 months to tie up all the loose ends and patch up broken friendships. Most of the Grade 9's finally realized that they only had 2 months to try to change all their marks to get into the courses they wanted. We had many fun activities this month such as the open house on April 6th. We had a chance to highlight our fine school and welcome the visiting Grade 6 students. The student council also had the opportunity to host a surprise spring dance that all the students enjoyed. We also had the very stressful report card day where everyone wondered if they would be able to pass or get honours. We had a very quiet month but it was very fun.

May

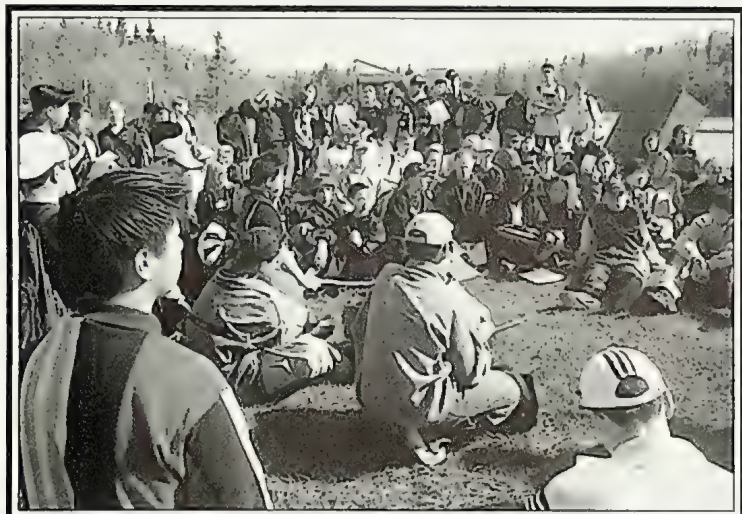

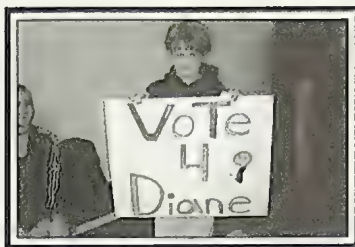

A Fun Filled Month!

Sang-Sang Lee and Mark Kwan

May, with the school year almost over people are busy studying for final exams (well hopefully). In May a lot of things were happening, it was Asian Heritage month and a talented Grade 8 young artist, Su Yin Zhou, was selected as the Asian Heritage Month featured artist. An exhibit of her work was on display at City Hall from May 5 - 20, 2000 as part of the Edmonton Asian Heritage Month celebrations. Mrs. Billey was recognized as one of the 100 finalists in the Excellence in Teaching Award for the 1999-2000 school year. The Excellence in Teaching Award is given to nominated teachers who exemplify the characteristics of teaching and work with students. Student Council had a King and Queen of Londonderry contest, the King of grade 7 was Johnny Heustis, the Queen of grade 7 was Jodi Lorentz, the King for grade 8 was Dornabari Tornwe, Jacob Lazaruk and Jill Sales were crowned the King and Queen of the Grade 9. The grade 8 students also went to a field trip to Elk Island and class 704 released the fish in the Fish and Conservation program into Cardiff Lake.

May was a great month and I hope you enjoyed it as much as we did!

June

Friend's Forever!

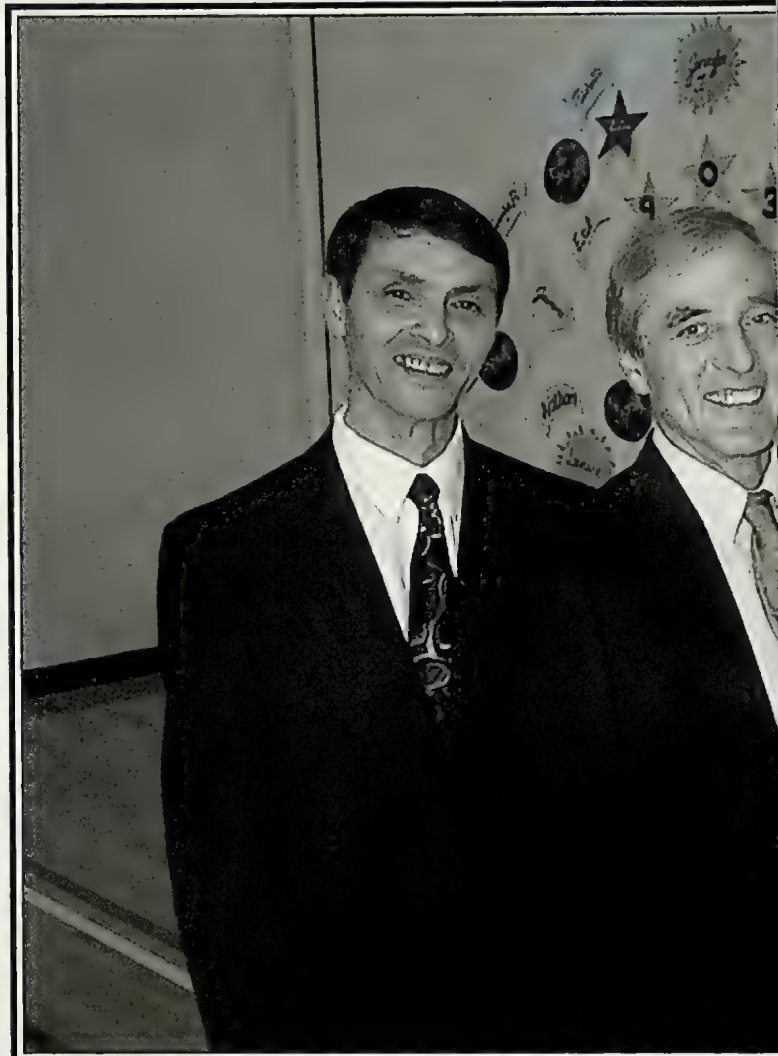

Michelle Annett

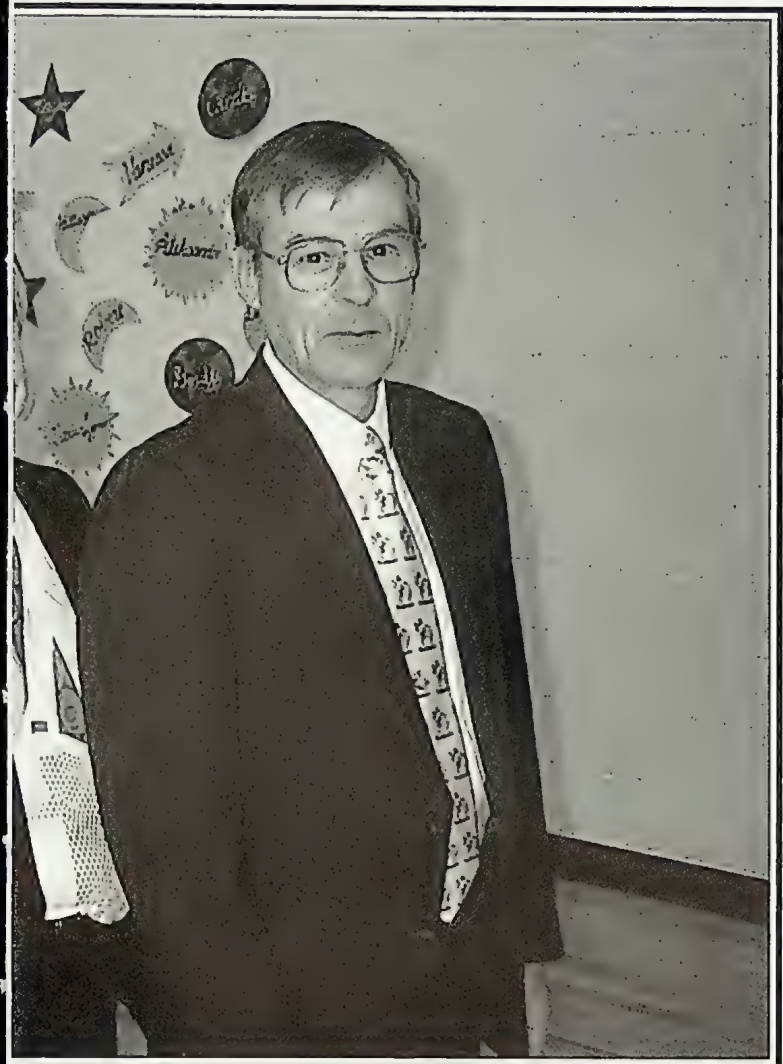

By the time June rolled around everyone had gone through so much with their friends, teachers and family, it was hard to believe that it was almost time to say goodbye to everyone. On June 2 the grade 9 graduating class had a very special farewell that allowed everyone to let loose for 8 hours. We had the chance to gossip, dance and eat lots of junk food! The graduating class of 2000 also found out that our beloved social teachers Mr. Hoffman and Mr. Newell, and the fantastic science teacher Mr. Atwell, were retiring and leaving the profession of teaching.

After the farewell, we had a very emotional end of the year dance that was sad for everyone. Wired For Sound played many special songs such as It's Gonna be Me, The Thong Song and the highly emotional Graduation by Vitamin C. All the students enjoyed an awesome dance and it will be remembered forever.

Once all the fun and games was over, everyone, well almost everyone, started to cram for the final exams. On June 19th, we had a non-instructional day to help us prepare for exams, but most of us were just stressed out and watched TV. We wrote our exams and then we realized that in 2 days we would be saying goodbye to everyone for the summer. In the Grade 9's case, we said goodbye to some people for the last time in our lives.

We had a very great year and all the Grade 9's will miss our teachers, but most of all we will miss our friends, some of which we will never see again. We will always be apart of Londonderry, and we will never forget the memories and dreams that were established here.

Girls Basketball

Lions' Senior Girls Basketball

Krystal Hong

The Londonderry Lions Girls' Basketball team began their season with several exhibition games in December and competed in two tournaments in early January. At the S. Bruce Smith tournament (January 7 and 8), the girl's team lost close games to Louis St. Laurent and Annie Gale (Calgary) but roared back the following weekend at the M. E. LaZerte tournament with 3 consecutive victories, including wins over Mary Butterworth and Rosslyn Junior High Schools.

The team consists of :

-Jennifer Chan	-Nicole Goertzen
-Laura Kuleba	-Terri-Lynn Holoiday
-Monica Lim	-Jodi Lorentz
-Jennifer O'Coin	-Becky Piggott
-Ayla Pothier	-Christina Tanfara
-Dianne Thai	-Shirley Tse

Congratulations to all of you!

Boys Basketball

Lions Sr. Boys Basketball Team

Krystle Hong

The boys' senior program is well under way and the boys have played several exhibition games as well. The boys, like the girls, are competing in the highly competitive Tier 1 division of Junior High basketball. Competing at this level demands a high level of commitment from our athletes and coaches. This year we expect to receive leadership from our returning players and our rookies offer speed and defence. The boys play on Tuesdays and Thursdays and will be competing in many tournaments. The team has worked very hard and played tough defense. When their offense gets on track, they look to move up in the standings. They have fared much better in tournament play.

Junior Girls Volleyball: The Junior Girls' volleyball teams were very successful this year. We had a Competitive and a Practice Team. The Competitive team consisting of 20 players was divided into two teams and played against a number of neighboring schools. Their progression was tremendous and we hope to see them out for Senior try-outs next year. The Practice Team consisting of 14 players has been working hard in the gym. They have had a number of practices and inter squad games. Thanks for all of your had work girls!!!!

The boys had a good start and had a great year! Congratulations to the team who represented Londonderry school very well and did an awesome jobs with their talented skills in soccer! They played very hard and had practices after school and in the morning. They boy's did a geat job through out the season and did a great job in the playoffs.

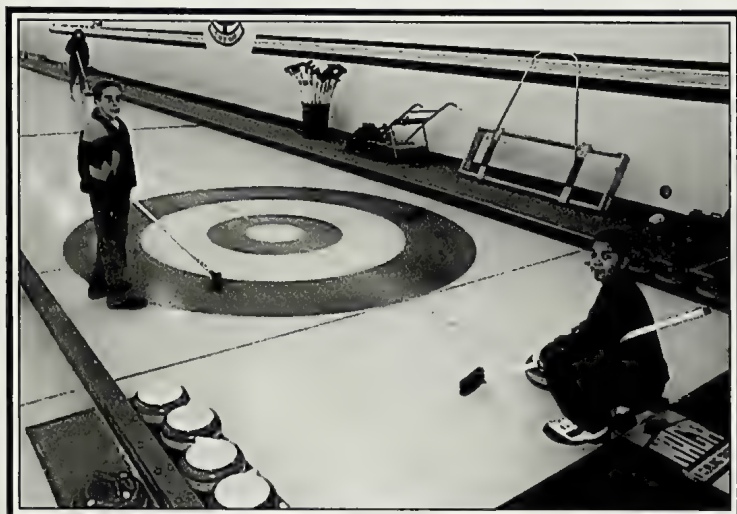

Cross Country Curling

Cross Country Running Club

Erik Tomlinson

The 2000 Londonderry Cross Country Team was a group of hard-working and dedicated students that would do anything to become better. They practised three times a week (Monday, Wednesday and Friday) at 7:00 am. The team competed in many citywide meets and placed exceptionally well.

Our team also got the privilege to go to Spoken, Washington between May 5 to 8. They competed with 25, 000 other runners in Bloomsday 2000. The top finisher at Londonderry was David Cooper who ran the whole race in 4 hours and 53 minutes. It was a well deserved trip for everyone.

Curling Club

Mark Kwan

Coached by Mr. Pothier

The Londonderry Curling Club had a great season at the Thistle Curling Club. Congratulations to the Londonderry Curling Team for another great season competing in the Greater Edmonton High School Curling League. One of the largest teams in the league, Londonderry had 24 curlers on six teams competing in the GEHSCL. Our teams had great success again this year, and most important, the students had a lot of fun. Congratulations to the following members of the Curling Team: Colby Soderberg, Kellen Kennedy, James Galipeau, Richard Lauman, Adam Kube, Amie Skarpinsky, Megan Sherstan, Amanda Perry, Jason Constam, Brad Glowinski, Kevin Christiansen, Grant Glowinski, Megan Maslanko, Jennifer Flynn, Madison Adam, Brandon Aune, Jennifer O'Coin, Lindsey McJannet, Alex Slawuta, Amanda Morrell, and Kendall Fulfit.

Outdoor Education

Outdoor Education

Krystal Hong

This year, the grade eights had a blast at Cadomin. To accommodate all 70 students, they went from May 15 (after school) to May 19. They had many activities such as caving, river crossing, hiking, and, yes, the dreaded firewood collecting. Another event was a cooking course by Miss Chizen. They learned how to make Hobo Pie, Bannock, and the delicious Breakfast in a Bag. The students learned many things at Cadomin. For one, how to start a fire as that was the only means of survival. Many feared the occurrence of bears at their campsite but as the last night rolled around, they had bittersweet feelings about leaving. They gained much experience in the wild, like how cold it could get in the mountains, how fast rain can come and go, and last but not least, the small, brown, marble-like pellets on the ground are not really chocolate covered almonds (Even if Mr. Thorpe says so. Take a guess of what that was.). While the students piled into the bus to return to school, they realized the trip was an interesting experience for many. Some were grateful of leaving but many will miss Cadomin. And I'm pretty sure that Cadomin will miss them.

Outdoor Ed. classes have also learned how to canoe (at the pool), how to orientate, and other important matters concerning the environment throughout the year.

Band

The Time Of Music!

Mark Kwan

This year's Londonderry band program probably had the largest change. Mr. Braid, a.k.a. Uncy Braid, continue the tradition of the Londonderry Band from Mrs. Wedler, who had moved to Ellerslie. The concert band (grade eights and nines) had lots of fun doing a number of performances this year: first was a joint performance at the Festival of Trees with Kate Chegwin School (Mr. Braid's other teaching assignment); the Edmonton Kiwanis Festival; the Northern Alberta Music Festival at Red Deer College; and our three feeder schools: John Barnett, J. A. Fife, Kildare School!

There were also the Jazz Band, who were a small group of grade 8 and 9 students who practised once a week and played some challenging jazz and swing music. They played at all the school concerts, the open house, and also gave a performance for the grade 6 students who were touring Londonderry School. They had lots of fun!

The greatest moments of the band this year were the trips! The grade sevens had their fun at Camp He-Ho-Ha for two days of playing, performance techniques, and of course, fun and games. The Concert Band combined with the bands from S. Bruce Smith and Ellerslie Junior High Schools to form the Tri-Band. We then travelled with our three band directors, Mr. Braid, Mr. Stinson, and Mrs. Wedler to perform at the Okanagan Valley Concert Band Festival in Penticton B.C.

With Mr. Braid as a new teacher, this was a fun, exciting, and of course hectic trip. We spent three days and four nights taking in the fresh mountain air and the great hospitality of the Penticton Inn and its surrounding sights such as the Cassabella Princess tour boat on Okanagan Lake, Main Street, and the Observatory. We also got to spend an entire evening at an amusement park, where we got to

race on go-karts, play miniature golf, laser tag, and arcade games (despite Mr. Braid's boasting, he turned out to be much worse at miniature golf than Mrs. Wedler).

On the music side, we played at three elementary schools and at the festival. We were ranked "Excellent" by the two adjudicators. The trip was the first time Mr. Braid had travelled with the concert band, and had the singular honour of having his nerves totally frazzled by Hillary and Amber. To prepare for this trip, we had three totally horrible and very stressful Saturday morning practices (whose idea was that?). Other than that, we still had a great time.

A new trip this year happened in May, when the grade 7 band and the concert band took coach busses to Red Deer to compete in the Alberta Music Association Festival of Music, at Red Deer College. The concert band competed against some very strong bands from all over western Canada, and received a "good" for the concert, a "superior" rating for the sight reading. The grade 7 band also did a great job receiving "good" for their efforts and the same for their sight reading. Both bands received excellent performance techniques from Mrs. Lauralie Nattress, the adjudicator.

Overall Mr. Braid has continued the proud tradition of excellence with the band program and we wish the grade 9 band students, who are (mostly) going on to high school, the best of luck! Along with the grade sevens and eights (to a lesser extent) this will have been one of the most memorable years for not only the students, but Mr. Braid as well.

Drama

Mark Kwan

This year's Londonderry Drama Program also got a new face, Mrs. Fedorak, who also teaches Art and Health arrived to replace Mrs. McCulloch who had gone off to better things (she came back for a couple of day's as a substitute for Mr. Mosychuk). This year there were Theatresports! What is it you ask? It is simply the most fun you can possibly have in a drama class! Theatresports is a theatrical sporting event where two teams of actors improvise scenes which are based on suggestions given to them and then judged by a panel of judges. (Very similar to the popular television show *Whose Line is it Anyway?*) This year students in grade eight and nine drama learned both the style of games and rules and competed in their own class competitions. They chose and created team identities, yelled out their cheer and improvised their way to an academy award. Trevor Binkowski, Fedja Lazarevic, Sean Vigneau and Mark McKinnon were the Theatresport champions of Londonderry School.

Students in the Grade 9 Drama class were proud to present the play *Following the Crowd* which was presented on February 9, February 10 and February 11 at 12:30 - 1:10 pm in the Drama Room. Tickets were \$2.00 each and was a big success. If you missed this great play here is what it is about. A new member of the gang must paint on buildings to vandalize the neighbourhood. Because he comes from a broken home, Tom joins to be part of a "family", to fit in, to have a feeling of belonging somewhere. At first he thinks they're cool, but the initiation never ends. To stay in the gang he is forced to do things he knows are wrong. Tom realizes that maybe belonging to a gang isn't all that it's cracked up to be.

It was a great year for Mrs. Fedorak and her student and we wish them luck in the future!

Student Council

Mark Kwan

The student council of Londonderry Jr.High helps make our school. This year's student council was responsible for planning and organizing many school activities including dances, contests, King and Queen contest of Londonderry and many more. We must send out many thanks to Mrs. Bluett and Mrs. Haug who put in hours of time to help the students run things. Students Council was helped by homeroom representatives who met once a week. The executive council included:

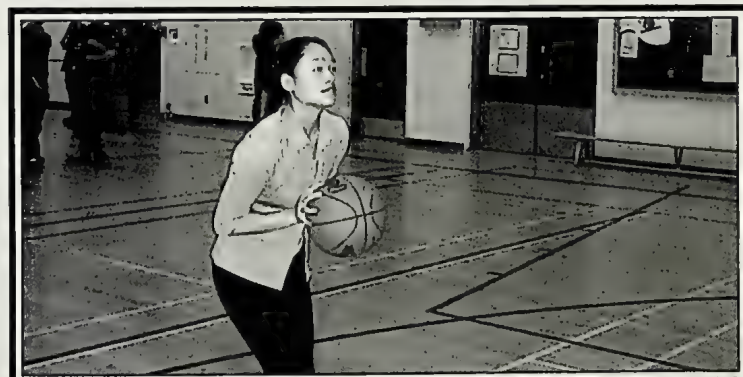

President: Monica Lim
Vice President: J. J. Smith
Secretary: Krystle Hong
Treasurer: Grace Thang
Publicity Director: Kellen Kennedy
Assistant Publicity: Philip Yu
Social Convenor: Sang Sang Lee

Some of the things that stood out was the things they did for charities like the food drives, the candy gram sales, Sock and Mitten Drive, and much more! Student Council did a great job promoting fun and happiness in our school! Some of the other activities that student council put on were, 7 great dances, Candy Gram sales, which were slow at the beginning of the week but picked up during the middle, the Jello Sucking Contest which was a great hit. It was also hilarious with everyone trying to stuff their faces full of Jello. Even Mr. Yaniw got into it!

During March we held our 4th Annual Basketball Shoot-Out where all students could test their shooting skills. It was a lot of fun and congratulations to all our winners. Durring the month of April Student Council held the anuual 'King and Queen of Londonderry' Contest. About 40 contestants from the three grades pounded nails, climbed ropes, ate watermellon, ran through an obstacle course, and push a peunut with their nose to qualify as the King or Queen of their grade.

Elections were held in May for the new Student Council for 2000-2001. All the candidates campaigned hard. Congratulations to all thise who won!

Student council did a great job this year and I hope a better one next year!

Yearbook

Mark Kwan

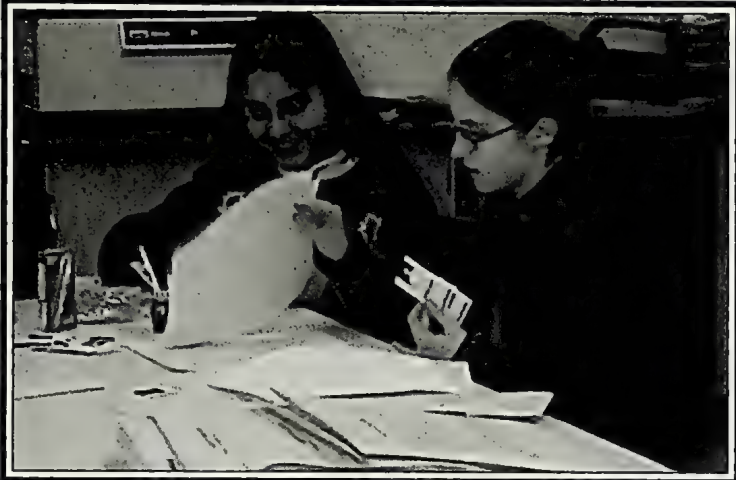

Now we get down to business about the yearbook because without these dedicated students you wouldn't be reading this book anyway! We are probably the hardest working students in the school.

We had a great start with many new members. We had to write stories and record all the events that happens in and around the school. To help us along, we got 2 new digital cameras and also got a color printer! The yearbook committee also got some more computing power with the addition of 2 iMac's and 1 iMac DV!

With all this at hand and a great teacher helper, Mr. Antoniuk, we produced this great looking book. We all worked hard and we hope you enjoyed reading about this new millennium.

School Store

The school store is our main source of food. Everyone in our school has gone to our store at least once this year. From buying our lunch, (pizza, donairs, and subs) to snacks that we eat during class, (chips, pop, and gob stoppers), we live at the store. The store has about 10 people that work there each hour to serve our hungry stomachs. The main foods that we buy at the store include Gob stoppers, Old Dutch Chips, Slushes, and Double Lollies. We have spent over \$250.00 at the store each day! We thank the store so much for putting up with us and we loved the clearance sales!

YoYo Club

Linda Truong

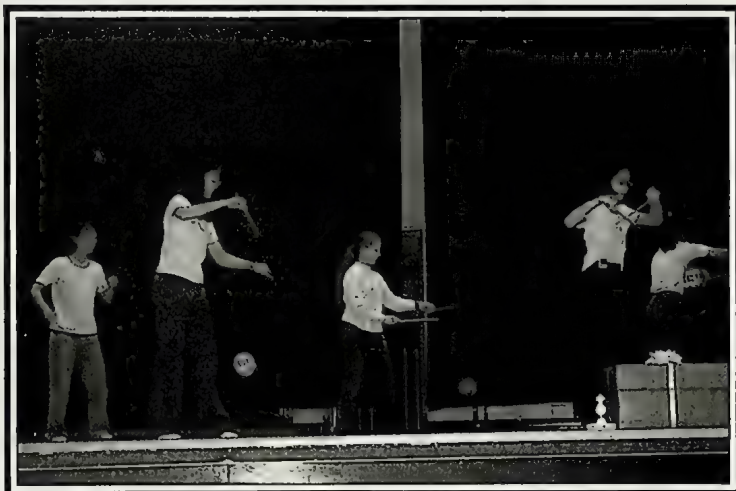

This year, Chinese Yo-yo Club members have been practising very hard to perform at the Multicultural Festival in February.

There are two specific groups in this year yo-yo club. There is the juniors and the seniors. Mrs. Cheng has been supervising and teaching them all.

The juniors were trained by the seniors. The juniors consisted of four grade sevens and one grade eight. This group included Linda Truong (7), Diane Woo (7), Twila Bakker (7), Yea-li Sim (7), and Melody Yong (8). They all performed at the Multicultural Festival.

The seniors were hard at work training the juniors. They all were in grade nine so if any tricks weren't taught to the juniors, the juniors won't know that trick to perform next year. The seniors included Elia Fong, Freddy Sim, Amy Tu, and Jennifer Ho.

The Yo-Yo club has given their best to learn new ways of entertaining you. They wish that you had a great time watching them.

Londonderry Grads 2000

Reach for the Stars 2000

Mark Kwan

Wow this year's grad was a hit. With Reach for the Stars as our theme we had set our goals high! MP Gary Mar, Health Minister of Alberta, gave us words of encouragement as we started the grad with the Masters of Ceremonies Jodi Woo and Yelda Ali.

As we walked into the school in 1996-1997 school year, it was filled with unrecognizable people. Now these unknown faces have turned out to be our graduating class of 2000. It is hard to remember what grade 7 felt like but the feeling in grade 9 is even harder to describe. For some people this is where friend may be split up by the different schools people will be going to! Being the last time together especially for Mr. Atwell, Mr. Homann, and Mr. Newell who were retiring this year made us feel bad so we the students made card and signed them and presented them to our three retiring teachers.

This year we use the facilities at M.E.Lazerte next door for more room. "Reach for the Stars" is what we have to do to survive in the future. We have to set goals and by the looks of the grad class of 2000 we have set many goals!

At 7:00 we all sadly sat in our seats knowing that this would be our last time together. Tears rolled down our cheeks as we watched the emotionally charged slideshow. We then one by one we walked up to get get our certificate from our homeroom teachers.

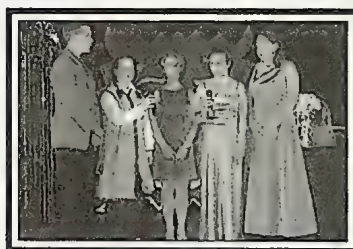

The night seemed short, yet it was memorable for everyone! This night will never be forgotten by our grad class of 2000!

Reach for the Stars!

Going into the new millennium, people ponder

What will the new millennium be like?

Will we survive it? What changes will it bring?

What will it hold?

To answer these questions people ask a lot of

themselves

but usually don't get the answers they need.

The City of London

of Londonderry has been a part of the world's

best kept secrets.

"We are the Lions of the City of London, and
we are the only ones who are going"

We are the City of London, the City of Courage,

Persepolis, the City of the Future.

Any State, City, or Nation that is a winner,
knows that London is the only one of winners.

We take pride in being the City of the Future.

We are the City of the Future.

We WILL survive the New Millennium.
